

STOLEN PARROTS! BE ON THE LOOKOUT!

VIC, 6 January 2012

Bird Breeders and pet bird owners as well as pet shops should be aware that thousands of dollars worth of exotic parrots were stolen early Friday morning 6 January 2012.

The Pet Directory is asking everyone to report if they are offered a cheap Macaw or Amazon or Quaker or any of the birds on the list below which was supplied by the breeder.

This is a heartbreaking event for the bird breeder and for the innocent parrots who are in the hands of heartless criminals. Please see below for the list and let us know if you have any information.

The birds were stolen from John Adriaans and Andrew Bradbury in Pakenham Upper Victoria. They could be moved around the country by thieves so be alert.
